## DELHI PUBLIC SCHOOL ALIGARH

Dear Parents,

Greeting from DPS ALIGARH Fraternity!

We, at Delhi Public School, Aligarh are currently executing the projects for **International School Award** run by the **British Council**. International School Award is a cross-curricular scheme run by the British Council, in which projects are undertaken between schools across the world.

In this regard, our young minds of Class VI and VII need to work on a project entitled -'WATER PURIFICATION-TODAY'S NEED' in the month of May, July and August. It is an exploration about sources of water, need of water purification and different methods to purify water in chosen countries (i.e. India, Vietnam, Australia and China)

We hope that this project will help children to appreciate the similarities and differences between countries as well as to learn teamwork and collaboration.

This is for your kind information.

Thanking you for your cooperation and kind support.
