

**DELHI PUBLIC SCHOOL ALIGARH**  
**HOLIDAY HOMEWORK**  
**CLASS- IV**

***Create, Imagine, Discover!***

**Dear Students and Parents,**

Let's make this summer full of ideas, colours, and fun learning! Here are a few simple tips to help you enjoy your holiday homework:

- ✓ Use your best handwriting and decorate your work with care. Add colour where needed—it makes everything more fun!
- ✓ Each subject has its own format. Some work goes in notebooks, some on ivory sheets, or in a project file. Read carefully.
- ✓ Where options are given, select the ones you enjoy most. Make sure to complete the required number of tasks.
- ✓ Watch the helpful videos shared in Maths and Science. Use them to explore and try something new.
- ✓ All holiday homework must be submitted in the **first week after the break**. Don't keep it for the last moment!
- ✓ Parents may guide, but your ideas, drawings, and words matter most. This is *your* work—show what you can do!
- ✓ Take breaks, play, read, explore nature, and have fun while learning!

***This summer, let your imagination grow. Create something beautiful, discover something new, and enjoy every moment of learning!***

### SOCIAL SCIENCE

The Himalayas, in Hindu mythology, are known as the House of Gods. Apart from its tourist places, the region is studded with many holy shrines. Name any two famous pilgrimage centres in the Himalayas. Write about their important features which have made them famous and stick few pictures.

(You can opt for any two from the given options)

1. Kedarnath    2. Hemkund Sahib    3. Haridwar    4. Badrinath

**Note- Do the work in your SST notebook.**

### COMPUTER

- Write a short paragraph (6-8 lines) on "My Favorite Computer Game or App."
- Make a chart showing different places where computers are used (Hospital, Bank, School, etc.).

### ART

You're required to create 2 to 4 small sculptures (about 4-5 inches tall) using silver foil (like aluminum foil). They should show different action poses — for example, jumping, dancing, running, etc. You can copy the style shown in the **sample picture** you have, or come up with your own creative poses.

**Here's a simple step-by-step for getting started:**

1. Take a sheet of silver foil — about the size of an A4 paper.
2. Crumple and shape it gently to make a body — first the torso, then pull out arms and legs.
3. Pose it — bend the arms and legs to show movement (like a dancer raising one arm or a runner leaning forward).
4. Smooth or add more foil if needed to make the sculpture stronger.
5. Make at least 2 and maximum 4 figures, each in a different action mode and compose them on a hard base. It can be cardboard or a small piece of ply.
